

Camp Info

Both camps will be held at Elizabethtown College and will utilize state of the art facilities.

Defense - Campers will spend this portion of their day working on the mechanics of fielding, throwing and positioning themselves to become a better defensive ball player

Hitting - Campers will be constantly swinging during this portion of the day. Station work will include drills and cage work as well as hitting on the field. This portion of the camp is designed to pinpoint aspects of a mechanically sound swing..

Activity Time - This part of the day will find campers utilizing their learned skills in individual and team competitions.

The focus of each camp is to promote the proper mechanics of fielding, throwing, and hitting. Each camper will get hands-on experience with drills for specific techniques, supervised by players and coaches from the Elizabethtown College baseball team. The camp will also promote good sportsmanship and strong work ethic.
