

FIRST YEAR STUDENT ADVISING SHEET

MAJOR: **Biology – Pre-Allied Health Programs (3+2): Bioscience Technologies, Radiologic Sciences, Cardiovascular Invasive Specialty (3+1), Physical Therapy (3+3), Pre-Allied Health Programs (2+2 for B.S. degree): Bioscience Technologies, Radiologic Sciences.**

COURSES REQUIRED BY THE MAJOR

First Semester

- BIO111 – Intro to Biological Sciences I
- CH105 – Fundamentals Of Chemistry
- EN100 or EN150 (see note 4)
- First Year Seminar (see note 6)

Second Semester

- BIO112 – Intro to Biological Sciences II
- CH113 Organic Chemistry I
- MA110, 117 or 121
- Core Requirement (see note 2)

NOTES:

1. Students need to be aware of the differing requirements of the 2+2, the 3+2, and the 3+3 programs, especially as they relate to chemistry and biology courses.
2. All allied health majors must take PSY105* as part of Social Sciences Core/major. PSY105 can be taken during either semester.
3. CH105 and BIO111 satisfy the Natural and Physical Science Core requirements.
4. All allied health majors must take EN100* or EN150* as Power of Language Core and major requirement.
5. All Allied Health majors need to take Probability and Statistics (MA 251) in their sophomore year.
6. 2+2 students do not enroll in First Year Seminars since they do not receive a degree from Elizabethtown. Math 110, 117, or 121 should be taken instead in the first semester.
7. PT students may choose PSY 225 or PSY221.
8. Students interested in the 3+3 program with Thomas Jefferson University should see Dr. Coren for potential Core course selections.

Students interested in Pre-Allied Health programs should contact Professor Jonathon Coren, Lyet 248, and extension 1342.
