Career Opportunity

Assistant Professor of Analytical Chemistry Department of Chemistry and Biochemistry

Elizabethtown College invites applications for a tenure-track assistant professor in analytical chemistry beginning in August 2017. A PhD in chemistry and a strong commitment to undergraduate learning are required. The successful candidate will have teaching responsibilities in fundamental and advanced level courses in analytical chemistry and instrumental analysis. The candidate is also expected to teach introductory general chemistry. The successful candidate will be expected to establish an enthusiastic and vigorous undergraduate research program in analytical chemistry, specific field open. Information on the department's facilities and program is available at <http://www.etown.edu/depts/chemistry-biochemistry>.

Located in southeastern Pennsylvania, Elizabethtown College offers its 1,900 students more than 53 academic programs in the liberal arts, sciences and professional studies. Driven by its commitment to "Educate for Service," Elizabethtown centers learning in strong relationships, links classroom instruction with experiential learning, emphasizes international and cross-cultural perspectives and nurtures the capacity for lives of purpose and leadership as global citizens.

For more information, consult www.etown.edu.

To apply, forward a cover letter, curriculum vitae, statement of undergraduate teaching philosophy, and statement of research interests. Also, arrange to have three letters of reference from professional colleagues and both undergraduate and graduate transcripts sent. Have materials sent to:

hr@etown.edu (preferred)
