AND THE FACULTY AND STAFF OF  
**Elizabethtown College**

WELCOME YOU TO THE

One Hundred and Twenty-Third  
**COMMENCEMENT**

---

**SATURDAY, THE NINTH OF MAY  
IN THE YEAR TWO THOUSAND TWENTY-SIX**

---

## WELCOME

---

Welcome to Elizabethtown College's Commencement ceremony honoring the Class of 2026. Today, we proudly celebrate their accomplishments.

Additionally, we congratulate those who are graduating with Latin honors. An undergraduate student who has achieved a cumulative grade point average (GPA) of 3.60 is graduated cum laude; of 3.75, magna cum laude; and of 3.90, summa cum laude. At the time of Commencement, student academic records are not finalized; therefore, Latin honors are officially annotated on the transcripts and diplomas of students who have graduated. Others are working toward the requirements to earn Honors in the Discipline and to be inducted into one of the institution's honoraries, which is noted on the transcripts of students who graduated. Within the School of Graduate and Professional Studies (SGPS), those students who have met the GPA requirements for Latin honors but lack the 60 residential credits in a bachelor's degree required for those designations will have their transcripts reflect the award designation of SGPS Honors upon successful completion of all degree requirements.

# THE CEREMONY AND ITS SYMBOLISM

---

The caps, gowns, and hoods worn in our academic ceremonies are modified versions of the clothing worn in medieval times to distinguish clerical and academic groups from the laity. The priests or monks who taught in the universities — Bologna, Paris, and Oxford — and their students wore gowns and hoods to their lectures, probably for warmth in the damp, unheated halls where classes were held.

Opinions differ concerning the origins of the caps worn in present-day academic ceremonies. One view is that the “mortarboard” is adapted from the wooden square used by masons. Another maintains that it represents the books carried by scholars.

The tassels worn on the caps vary in color. At Elizabethtown College, they represent the wearer’s degree. Tassels worn by those holding doctoral degrees may be black or gold.

Most American institutions have adopted the use of black gowns, but some use colored gowns. European universities are somewhat less rigid than American institutions in the cut of their gowns and in the style of their caps. The gown for those holding a bachelor’s degree is worn closed. The gown for those holding a master’s degree is worn open or closed, depending partly on its tailoring. The gown for those holding a doctoral degree is worn open or closed, depending on the preference of its wearer. Also, the sleeves of the three types of gowns are of different lengths and cuts. The sleeves of the gown of those holding a doctoral degree have three horizontal velvet stripes, and the gown itself has a vertical facing of velvet.

The length of the hood indicates the type of degree held by the wearer: shorter for an associate degree, slightly longer for a bachelor’s degree, medium for a master’s degree, and long for a doctoral degree. Today, hoods worn in academic processions are more colorful than those worn in earlier times. The color of a hood’s lining indicates the degree-granting institution. The color of its facing represents the academic discipline in which the degree has been granted.

Among today’s graduates are international and study-abroad students, many of whom are wearing multicolored sashes that represent a multitude of countries that are either their home country or the location(s) in which they studied.

In our program, there are three different affiliations that we recognize: “P” for Parent, “G” for Grandparent, and “H” for an Honorary degree given by the College.

# COMMENCEMENT SPEAKER

---

## **Tom Baldrige H'17**

### **NONPROFIT BUSINESS LEADER**

A nonprofit executive with more than three decades of leadership experience, Baldrige currently serves as the interim president and CEO of Pennon, the parent organization of WITF public media. Prior to this role, he led the Lancaster Chamber of Commerce in Lancaster County as the organization's president and CEO from 2000 to 2022.

Under his guidance, the Lancaster Chamber was twice named “Chamber of the Year” by the Association of Chamber of Commerce Executives (ACCE). In honor of his exceptional career in chamber leadership, Baldrige was named a recipient of the 2024 Life Member Award from the ACCE.

Throughout his distinguished career, he has been a respected and influential leader in the community, currently serving as vice chair of the High Foundation Board of Trustees and on the boards of Penn Medicine/Lancaster General Health, LancasterHistory, and Thaddeus Stevens College of Technology.

Baldrige's extensive executive leadership experience also includes a stint as president of The Lancaster Alliance, an organization focused on the revitalization of the City of Lancaster.

He is the past chair of the board of directors of the American Chamber of Commerce Executives and served on the boards of Leadership Lancaster, the Economic Development Company of Lancaster County, Discover Lancaster, the Lancaster County Workforce Development Board, the Lancaster County Transportation Authority, and the Lancaster City Revitalization and Improvement Zone Authority.

Baldrige holds many connections with Elizabethtown College, having served as a member of the College's Leadership Council from 2004 to 2014, and, in recognition of his leadership within the community, received an honorary Doctor of Public Service degree from the College in 2017. His brother, Chris Baldrige '86, earned his bachelor's degree in Marketing from Etown and serves as Executive Director at Harrisburg Public Schools Foundation.

He earned his bachelor's degree in speech education in 1981 from Ithaca College and has completed graduate courses at Elmira College. Baldrige currently resides in Lancaster with his wife, Susan. They have three grown children and six grandchildren.

# STUDENT SPEAKER

---

**Alysse M. Smith '26**

**BIOLOGY,  
HEALTH PROFESSIONS CONCENTRATION &  
SPANISH AND CHEMISTRY MINORS**

A Biology major with a Health Professions concentration and minors in Spanish and Chemistry from Silver Spring, Md., Alysse Smith '26 is an engaged leader on campus who is passionate about amplifying voices and inspiring meaningful change.

Recently named the recipient of the 2025–26 Points of Distinction Award - the highest Student Life honor at Etown - Smith has served on executive cabinets for both the Gender-Sexuality Alliance (GSA) and the Honors Program. She is actively involved as a Blue Jay Ambassador, Peer Mentor, Peer Tutor, and Ubuntu Mentor.

As a Stamps Scholar, Smith completed a medical internship in Cusco, Peru, during her sophomore year, expanding her understanding of global healthcare and service.

Her academic achievements include receiving a competitive grant from the TriBeta Research Foundation to support her undergraduate research project, “Establishing Reliable DNA Extraction Methods for Microbial Analysis of Embalmed Cadaveric Gastrointestinal Tissues,” conducted with Professor of Biology Debra Wohl and Professor of Biological Anthropology Elizabeth Newell.

Following graduation, Smith will continue her education at the Howard University College of Medicine.

Smith was chosen from a competitive pool of senior applicants to serve as the 2026 Commencement student speaker. Applicants submitted and presented a draft of their speeches for consideration. The audition process was conducted by a selection committee composed of student and employee representatives.

# HONORARY DEGREE RECIPIENT

---

**Charles “Charlie” D. Schaeffer Jr., Ph.D.**  
**DOCTOR OF SCIENCE,**  
**CONFERRED POSTHUMOUSLY**

A passionate teacher, mentor, and scholar, Charles “Charlie” D. Schaeffer Jr., Ph.D., was a beloved member of the Elizabethtown College community for nearly five decades.

Schaeffer joined the Chemistry faculty as an assistant professor in 1976, was promoted to A.C. Baugher Professor of Chemistry in 1991, and served as department chair from 1989 to 1993. The first holder of the A.C. Baugher Endowed Chair in Chemistry, he was granted emeritus status in 2009. His profound mentorship extended to thousands of students in introductory, physical, and inorganic chemistry and guided undergraduate research and interdisciplinary studies, including astronomy.

Throughout his distinguished career, Schaeffer authored numerous professional publications, including an undergraduate textbook on Nuclear Magnetic Resonance (NMR) spectroscopy. His research focused on organometallic chemistry, main group elements, and NMR spectroscopy, securing significant external research funding by being awarded over 30 external grants from 1974 to 2009. In 1985, he received the John Frederick Steinman Award for Excellence in Research from Elizabethtown College.

A respected leader in his field, Schaeffer served as executive secretary of the Intercollegiate Student Chemists from 1989 to 1997 and was elected historian in 2000. In 1980, he was among the first cohort of 25 American inorganic chemists invited to present research in the People’s Republic of China, representing the only strictly undergraduate institution in the group.

He earned a bachelor’s degree in chemistry from Franklin & Marshall College and continued his education at the State University of New York at Albany, where he earned a doctorate in chemistry. Schaeffer went on to complete postdoctoral research at Yale University.

A gracious supporter of the College, Schaeffer generously contributed to various capital initiatives, including the chemistry laboratories in Musser Hall, the Anatomy & Physiology Classroom and Laboratory in the Lyet Wing of the Masters Center for Science, Mathematics & Engineering, and the Bowers Center for Sports, Fitness & Well-Being. He also established the Schaeffer Equipment Fund, benefiting Etown students for more than three decades.

Schaeffer’s parents inspired his generosity and philanthropic spirit, reflected in their creation of the Sallie K. & Charles D. Schaeffer Chemistry Scholarship, which he helped grow. They also served as early professional mentors, fostering a passion for scientific research shared by his sister, Susan, who earned a doctorate from Harvard University and pursued a distinguished career in cell biology and biotechnology. In recognition of his lifelong commitment to advancing knowledge and positively impacting students, Elizabethtown College presents Charles “Charlie” D. Schaeffer Jr., Ph.D., with a posthumous honorary degree.

- ▷ August 2025 graduate
- ◆ December 2025 graduate
- ◉ Early participant — eligible to process in May 2026

The list of candidates for graduation was compiled before final grades and graduation clearances were finalized; inclusion does not constitute evidence of graduation. The listing of a name in this program should not be construed as an indication that the individual will, in fact, earn a degree from Elizabethtown College at this Commencement. Latin Honors are officially annotated on the transcripts and diplomas of students who graduate.

Larry D. Sauder '64, P'91, P'92  
James E. Shreiner '73, H'24, G'24  
Judy S. Ware '68, H'25  
Rev. Harold E. Yeager

# THE ALMA MATER

---

We hail you Alma Mater dear,  
As now we sing your praise;  
O let your walls and storied halls  
Resound with song always.

The just and fair alike do share  
The labor of your hand;  
Together they proclaim always  
Your glory through the land.

As long as breezes 'round you blow,  
And endless ages roll,  
May countless honors on you rest,  
While we your name extol.

## CHORUS:

We Educate for Service,  
To that we will be true;  
We love thee ever, oh E.C.  
And your colors Gray and Blue.
