Job opportunity – hiring NOW

Staff Accounting

DESCRIPTION: This staff accounting job will be centered around the financial processes supporting the accounting month-end close and the associated reporting performed by the Central Finance function of the U.S. Financial Shared Services Center. General responsibilities will be supporting the Corporate Accounting, Business Unit, Tax and Audit functions. Specific duties will include performing routine monthly analysis, chart of accounts maintenance, assessments, journal entries, account reconciliations and special projects. It is preferred that candidates possess a B.S. in Accounting; however, those with a B.S. in Business may also be considered. SAP user knowledge and advanced Excel skills would be a plus.

Interested candidates should email their cover letter and resume as soon as possible to:

Sheldon Witmer, CPA (**E-town Graduate**)
Accounting Supervisor
