

Semester Study Abroad Programs & Fees

Elizabethtown College strives to make study abroad programs affordable for all students by offering majority of our affiliated (aka pre-approved) semester programs for the same price as Etown tuition, including your typical scholarships and financial aid. Therefore, you pay the same for tuition, whether you choose to stay on campus or go abroad.

There is a small selection of affiliated programs, with higher tuition expenses, that require an additional Preferred Program Fee. For example, if a program is listed as 'Etown Tuition + \$1,000', you will pay your typical Etown tuition for the semester, along with an additional \$1,000 Preferred Program Fee. This additional fee will be billed by Etown's Business Office, along with your tuition.

Students are not required to attend a program with a Preferred Program Fee. Participation in these programs is your choice. Students required to study abroad for their major (ie. International Business and Modern Language majors) will find program options in the 'Etown Tuition Only' category. If you prefer to attend another program, you will be charged the applicable Preferred Program Fee, in addition to your Etown tuition. But again, that's your choice.

All countries, on the affiliated list, have program options on the 'Etown Tuition Only' or 'Etown Tuition + \$1,000' category with the exception of Ireland and Morocco. Both of those countries are in the 'Etown Tuition + \$2,000' category. All programs listed in higher categories have another program, available in that same country, in a lower, more affordable category.

Etown Tuition Only

Africa

- Accra, Ghana (USAC)
- Johannesburg, South Africa (ISEP)

Asia

- Shanghai, China (API)
- Pune, India (ISEP)
- Denspasar, Indonesia (Bali) (ISEP)
