Meal Plan Contract Summer 2021

Summer Meal Plan Specifics

Rates and details for the 2016 summer meal plans are outlined below. Summer meal plans are option - there are no mandatory meal plans during the summer. We have attempted to incorporate as much flexibility in the use of the plans as possible.

Cost of the summer meal plan is \$115 per week, providing you with 15 meals per week (Breakfast, Lunch and Dinner Monday through Friday) usable at the Marketplace. When the Marketplace is closed, meals can be used at the Jays Nest (meal plans include a choice of a daily feature, made-to-order deli, and pizza.) The 15 meals are broken down into 1 meal per meal period of breakfast, lunch and dinner. Meals unused at the end of the week are forfeited. You will also receive \$10 per week in Jay Bucks to spend with this plan. These do NOT roll over from week to week. You will begin each week with a fresh balance of \$10 only. These Jay Bucks also do not carry over into the fall semester and are not refundable.
