Elizabethtown College is pleased to provide you with two FREE Employee Assistance Programs. Both EAPs are confidential and voluntary programs designed for employees, spouses and dependent family members who want to seek help for personal issues without worrying that someone at work will "find out" about their problem. You are automatically enrolled in the program(s), based on your work status.

Each of these programs has a different menu of topics. If you qualify for both programs, you can choose the program that best fits your needs, or use one in conjunction with the other to give you more options and resources.

WorkLifeMatters SM
