Participating providers and pharmacies agree to accept our allowance as payment in full—often less than their normal charge. If you visit a non-participating provider or pharmacy, you are responsible for paying the deductible, coinsurance and the difference between the non-participating provider's or non-participating pharmacy's charges and the allowable amount. Non-Participating Providers may balance bill the member. Some non-participating facility providers are not covered. Deductibles, any differences paid between brand drug and generic drug prices, and any balances paid to non-participating pharmacies are not applied to the out-of-pocket maximum. In certain situations a facility fee may be associated with an outpatient visit to a professional provider. Members should consult with the provider of the services to determine whether a facility fee may apply to that provider. An additional cost sharing amount may apply to the facility fee.

On behalf of Capital BlueCross, CVS/caremark™ assists in the administration of our prescription drug program. CVS/caremark is an independent pharmacy benefit manager.
