*Deductibles, coinsurance and copayments under this program are separate from any deductibles, coinsurance and copayments required under any other health benefits coverage you may have.*

\*\*Select Brands include contraceptives for which there is no generic equivalent.

Participating providers and pharmacies agree to accept our allowance as payment in full—often less than their normal charge. If you visit a non-participating provider or pharmacy, you are responsible for paying the deductible, coinsurance and the difference between the non-participating provider's or non-participating pharmacy's charges and the allowable amount. Non-Participating Providers may balance bill the member. Some non-participating facility providers are not covered. Deductibles, any differences paid between brand drug and generic drug prices, and any balances paid to non-participating pharmacies are not applied to the out-of-pocket maximum. In certain situations a facility fee may be associated with an outpatient visit to a professional provider. Members should consult with the provider of the services to determine whether a facility fee may apply to that provider. An additional cost sharing amount may apply to the facility fee.
