Phishing for Links

Recently, E-town was the target of a major phishing scam. Many users failed to recognize the misleading link in the email. Phishing links can be put the entire E-town network at risk. Learn to spot phishing hazards.

Password Resets in Jayweb

Students, have you ever forgotten your password? Have you ever been locked out of your account due to a wrong password? We have found a solution. Starting today, you will be able to reset your password right from Jayweb when you forget it or get locked out. This feature will only be available for Traditional Students at this time.
