2017 New Year, New You

As we continue into 2017, here are seven tech things to think about! Learn how and when to update your computer, and why you should turn down the brightness on your phone. Find out why you should take care with the content you post on social media and how to spot possible fake news posted by others. Improve your tech etiquette by lowering your phone voice and proofreading your emails. And of course, watch out for phishing

It's Time to Change Your Password

It's that time of the year again! A new semester of classes is beginning, and passwords need to be changed. Passwords must be 8 characters long, containing at least 1 uppercase letter, 1 lowercase letter, 1 number, and 1 special character (!@#\$). Passwords can be changed in the Outlook Web App ([mail.etown.edu](mailto:etown.edu)) under the settings symbol in the top right hand corner.
