

Welcome to Elizabethtown College and congratulations on your academic accomplishments.

While the College recognizes you as a member of its vibrant community, the law still identifies you as a “minor on campus”. This legal standing, as an individual under the age of 18, means there are some restrictions to your activity and involvement while on campus. With the exceptions of your academic classes and course-required experiences and any campus event that is open to the public, you are, at all other times, required to be accompanied by your Elizabethtown College instructor or your parent/guardian while on the Elizabethtown College campus.

As a minor on campus who is enrolled at Elizabethtown College, you are not permitted in residential or athletic facilities or other campus buildings unless the purpose relates to a specific course and you are accompanied by your Elizabethtown College instructor or your parent/guardian.

As a member of the Elizabethtown College community, all dual-enrolled students must abide by the Standards of Conduct described in the Elizabethtown College Student Handbook. Failure to comply will result in a formal notification to your parent and affiliated high school and, depending on the violation, may result in your immediate removal from the course(s) and the dual enrollment program.

I understand and agree to the conditions of the Elizabethtown College Dual Enrollment Program.
