Advising Appointments

Advisor Meetings will be made between October 23 – November 8

Advising holds are placed on students’ accounts until the student meets with their advisor about:

✓ Course Sequence
✓ Course Selection
✓ Graduation Requirements

Course Registration

Registration runs between November 11-13!

Seniors & Rising Seniors (completed 72 credits or more)
Those who need to fulfill a CORE requirement must complete a Core Verification Form by November 8th. Those taking a CORE-designated course as a free elective will be able to do so on November 13th at 8 am.

Core Course Designation:
Core courses are designated by the code at the beginning of the course title in the Course Listings webpage and in the course description in parentheses. Core courses are searchable by using the Advanced Options drop-down box. See the Registration and Records website for a complete and current list of courses that fulfill Core Areas of Understanding.

Signature Learning Experiences (SLE):
Effective Fall 2013, all students enrolled must complete two Signature Learning Experiences as part of the graduation requirements. Students will select at least two of the following types of SLE’s: supervised research; community-based learning; cross-cultural experiences; internships, field experiences or practicums; and capstone experiences.

Off-Campus Coursework

Study Abroad: Students who applied to study abroad should register for a normal on-campus load of courses. Once accepted, students should contact Megan Bell to complete the process. Students currently abroad should contact their advisor for approval of courses for the next semester to remove the hold.

Off-Campus Coursework: Students who are planning on completing off-campus coursework over the summer must complete the Off-Campus Approval Form. Remember to have your official transcript sent to Registration and Records.

Pre-Registration Reminders

*Students with a “Hold” will not be able to register for courses via Jayweb or the Registration and Records Office.
*Students must meet all course pre-requisites and co-requisites in order to register for courses.
*RBI courses cannot be registered by the student through Jayweb. Contact the instructor to enroll you in the course. Students who are repeating a course must talk with their advisor and complete the Repeat Form.

Waitlist Guidelines

Waitlists are checked for seat availability between November 11 – January 17!

Every course add/drop has a date and time stamp. Students on a waitlist for a course are in order from earliest to latest registration. Students are enrolled into waitlisted courses as space becomes available. They will receive an e-mail from the Registration and Records Office about enrollment. Waitlisting does NOT guarantee enrollment.

Students are unable to waitlist in a course if it creates an overload or time conflict via Jayweb. Students should contact the Registration and Records Office with issues in regards to Waitlisting.

Additional Fees

Additional Fees: Courses will have an additional fee in the “Notes” heading on the course details page. There is an additional fee for private music lessons for non-music majors. For a complete list of courses with additional fees, please see the Registration web page.

Maximum Credit Load: The maximum load is 18 credits. Students must complete an Overload Petition (up to 20 credits) and meet the requirements. An additional $1,140 per credit will be charged.

Other Important Dates

Independent Studies: due January 13th
Directed Study, Time Conflict, and Tutorials: due January 13th
Internship Contracts: due January 31st
Types of Registration

Register by Instructor (RBI): Students will not be able to register for the course themselves. It will state if it's an RBI course in the description and on the “Notes” field. Contact the instructor to enroll in the course.

Pre-Enrollment: Students who may not have the pre-requisites completed to take a course will not be able to register for a course themselves. Contact the instructor to see if they will approve your enrollment.

Registration Week: Students will register for courses at their designated time slot and after via Jayweb.

Core/SLE/GWR

Core: Courses are labeled CORE Area of Understanding in the course code, title, and description. Examples: BIO 101 6NPS A, NPS Biological Concepts, “4.00 credits. (Natural and Physical Science Core Course)”

Signature Learning Experience (SLE): Signature Learning Experience (SLE) courses are labeled at the end of the course description, on the “Notes” field, and are listed here. Example: PLO American Sign Language, “…participation with individuals in the Deaf Community. Signature Learning Experience: Community-Based Learning.”

Guided-Writing and Research (GWR): Guided-Writing and Research courses are labeled in the Course Reminder, at the end of the course description, and listed here. Example: EN 281 3CE C M, *A Guided Writing and Research Course.

Lab/Seminars

Co-Requisites: A number of courses require a co-requisite. Students will have to register for the two courses at the same time.

Labs: Some science courses are taught for 4 credits with a required lab. Others are taught for 3 credits with an optional 1 credit lab. Make sure to register for the 1 credit optional lab if you are planning on taking it.

Error Message: A red flag will appear telling students to register for the co-requisite requirement.

Pass/No Pass or Audit Classes

Pass/No Pass: Pass/No Pass forms are available in the Registration and Records Office or on Jayweb between January 24th and February 7th. Requirements are listed in the catalog.

Audit: Audit cards are available in the Registration and Records Office until February 7th. Students should register for the course they are planning to audit before accessing the paperwork necessary. Once a course has been taken for audit, it cannot be taken for credit later. Other requirements are listed in the catalog.
### Common Registration Error Messages

<table>
<thead>
<tr>
<th>Problem</th>
<th>Solution</th>
