

Off-Campus Housing and Commuter Application

Elizabethtown College

All students are required to live on campus in College-owned facilities unless they are granted approval to reside off campus or commute from their permanent address. For more information on this policy, see the Elizabethtown College Student Handbook.

Only a certain number of students will be allowed to live off campus each year. This number changes from year to year based on enrollment projections. Due to the current numbers of students in housing and projected enrollment trends, the College will be releasing a small number of students from the College Residency Agreement for 2018-2019. In addition to a personal desire to live in an off-campus setting, the College understands that some students have extenuating circumstances that need to be reviewed as they impact a student's ability to reside on campus. In order to determine which students may be released from the Residency Agreement, the College will convene a panel of staff to review each student's documentation and make final decisions.

- Students in good standing with the College with extenuating circumstances will be given priority in this process.
- The next level of priority will be given to students in good standing with the College with the highest housing lottery number.
- **Decisions of the panel are final.**

Eligibility

Rising senior students in good standing with Elizabethtown College are eligible to be released from the College Residency Agreement. A student in good standing with the College is not currently on academic or disciplinary probation.

Students applying to be released from the Residency Agreement who have been found in violation of the College's Standards of Conduct will be reviewed by the Off-Campus Housing Review Panel, though some types of violations may impact a student's eligibility. Generally, students are not eligible to live off campus if they have been involved in violations of the drug policy, repeated incidents that demonstrate lack of responsibility around the use of alcohol, incidences of violence or harassment; or other serious or repeated violations of the Standards of Conduct. **Decisions of the panel are final.**

General Information

In order to submit an application to be released from the Residency Agreement, please follow the instructions below. It is common that students with extenuating circumstances fall into more than one of the categories listed below. Please complete the instructions for ALL reasons that apply so that the panel is able to fully consider your petition. Completed application packets should be submitted to the Residence Life Office. **The deadline for all applications is January 26, 2018.** If the student has no extenuating circumstances it is only necessary to check a box in the Step 1 section and, while it is not required, you should provide a personal statement.
