

Etown Faculty-led Study Abroad Programs

Elizabethtown College faculty offer short-term study abroad/study away programs exclusively for Etown students. These programs typically last between one to three weeks, during May Term or spring break. Some programs are a standalone course, while others are an extension of a spring class offering. Reoccurring faculty-led programs are offered annually or biannually. Most programs are open to all students, regardless of their major or year of study. To learn more details about these programs, please visit the Study Abroad Office's website.
