

Study Abroad Programs & Deadlines

Semester Affiliated & Partner Programs

Open Enrollment Programs

Majority of E-town's affiliated programs are Open Enrollment Programs. Any student, who meets the study abroad eligibility requirements of the College and the individual program, should be approved by E-town to attend any Open Enrollment program of their choice. Students applying for Open Enrollment Programs need to submit their Elizabethtown College study abroad application by the regular deadline. Applications for Open Enrollment Programs will be accepted on a rolling basis, so it's never too early to submit your E-town study abroad application!

Limited Enrollment Programs

A smaller list of affiliated programs are Limited Enrollment (LE) Programs. These offerings are competitive programs. Several of them have a 3.0 minimum GPA requirement and/or a language prerequisite requirement. The LE designation indicates that a limited number of E-town students will be approved by the College to attend these programs each semester due to increased institutional costs and/or competitive placement. The program sites designed as LE will be determined on a year-to-year basis by the Study Abroad Office. The number of placements available at each site will also be determined on a year-to-year basis by the Study Abroad Office.

While we will do our best to accommodate your interests - students are not guaranteed their first choice of LE Programs, even if they meet the College's and program's requirements. Approval to attend LE Programs is granted after extensive review and approval by the Director of the Center for Global Understanding and Peacemaking as well as the Study Abroad Advisor. **Preference will be given to students required to study abroad for their major and those who have identified a strong, academic reason to attend their selected program. Essay submissions, GPA and date of application submission will also be considered in approvals.**

Students interested in applying for LE Programs will need to submit their Elizabethtown College study abroad application by an earlier deadline. **Late applications will not be accepted.** Applications for LE Programs will not be reviewed until after the LE application deadline. Students will be notified if they were approved to attend an LE program prior to the regular deadline. Therefore, they will have time to select an alternative, Open Enrollment Program, if necessary. Students are advised not to start their program's application until after they've been officially approved by the College to attend an LE Program, as some providers charge non-refundable application fees before students can start their application.

Partner Programs

Elizabethtown College also recommends that students consider attending our Partner Programs: School for Field Studies (SFS) and American University's (AU) programs. These programs are separate from our affiliated list, because students are responsible for the full costs of these programs. They're unable to apply their E-town scholarships for their semester abroad, but may be awarded scholarship through SFS or AU. However, we do encourage students to consider these programs due to their academic quality, so students attending these programs are only charged the standard \$250 application fee, not the \$1,000 non-affiliated fee.

Deadlines

Summer & Faculty-led 2021 Programs

- Deadline: March 15, 2021
- *Please note: Some faculty-led programs have earlier application deadlines.*

Fall 2021 and Year 2021-22 Programs

- Limited Enrollment Program Deadline: January 15, 2021
- Notification of Limited Enrollment Program Application Status: February 15, 2021
- Regular Deadline (Open Enrollment Program Deadline): March 15, 2021

Winter 2021-22 Programs

- Deadline: October 15, 2021

Spring 2022 Programs

- Limited Enrollment Program Deadline: August 15, 2021
- Notification of Limited Enrollment Program Application Status: September 15, 2021
- Regular Deadline (Open Enrollment Program Deadline): October 15, 2021

These deadlines occur in the semester prior to your intended studies abroad.

Summer, winter, Open Enrollment Program and non-affiliated program applications are accepted on a rolling basis, so it's never too early to start and submit your application.

Students applying for a Limited Enrollment (LE) Program will need to apply by the earlier deadline. Students may only apply to one Limited Enrollment Program. In their application, they must list an alternative program choice from the Open Enrollment List or a non-affiliated program. **Late applications will not be accepted.** LE applications will not be reviewed until after the application deadline. Students applying for an LE program will be notified by the date listed above on whether or not they've been approved by E-town to attend an LE program.

After Notificaton of Application Status

Students who are not approved by the College to attend their first choice, Limited Enrollment Program have two options to proceed with their study abroad plans - choose an Open Enrollment Program or a non-affiliated program.

Open Enrollment Programs

All students are welcome to attend any Open Enrollment Program. Students are encouraged to meet with the Study Abroad Advisor to review their options. There's no need to submit a separate E-town Study Abroad Application, just notify the Study Abroad Advisor of your new program choice and you can proceed with your application immediately.

Non-affiliated Programs

Students set on a particular country or city, not offered on the Open Enrollment Program list, are able to pursue non-affiliated program options. All E-town students are welcome to pursue non-affiliated programs within countries deemed safe by the US Department of State (ie. travel advisory level 1 or 2) and at a different university than those offered on our affiliated list. Students are encouraged to meet with the Study Abroad Advisor to review program options and discuss how finances differ for non-affiliated programs.
