When plans for erecting the West Wing of the Gibble Science Hall were in motion during the 1950s at Elizabethtown College, a gift commitment from Mr. And Mrs. Brinser from Middletown, Pennsylvania enabled the inclusion a large lecture hall within the wing for Elizabethtown College.<sup>4</sup> On September 24, 1958, the West Wing of the Gibble Science Hall was dedicated, and a ceremony was held. At the end of the dedicatory program, both David E. Brinser and his wife, Sadie M. Brinser, were granted honorary

degrees, Doctor of Pedagogy.<sup>5</sup> Additionally, David Brinser supported the Pathway to Fulfillment Campaign for the erection of three major buildings.<sup>6</sup> The original aim of this project was to construct an addition to the Zug Memorial Library, a classroom building, and a physical education building.<sup>7</sup>

Then, on May 8, 1963, the Executive Committee of the Board of Trustees voted to file an application with the Housing Home Finance Agency for a loan of \$750,000 for the erection of a men's dormitory, hoping to house one hundred and forty students. The erection of the men's dormitory was ultimately viable with the support of David Brinser's legacy commitment to Elizabethtown.<sup>8</sup>
