

# *First-Year* **PATHWAY**

**ETOWN**  
ELIZABETHTOWN COLLEGE

**etown.edu**

All students in their first year at Etown, including new transfer students, should use this pathway to successfully navigate their first year. Complete the milestones, think about the questions, and set yourself up for success.

## **New Student Orientation**

Enjoy meeting your peers, learning about Etown, and exploring this new community during New Student Orientation.

## **School Welcome Sessions**

During your first week on campus, you'll get to meet the Dean along with faculty from your School. Please know your faculty are available to provide extra support to help you succeed!

## **Exploration Station**

Learn about your skills, strengths, and interests as well as the resources available to assist you in working toward and clarifying your path and purpose.

## **Advising Day and Majors & Minors Fair**

Learn about the many majors and minors that Etown offers. Meet with faculty in your intended major for advising and to create a plan for course registration.

## **Course Registration**

Prepare to register for your next semester's courses by participating in a peer mentor-led Jay Chat, using the degree and core planners, and meeting with your School faculty and academic advisor.

## **Spring Advising Connections**

Transition to your new academic advisor in your intended major. Exploring students will work with an advisor from the Academic Advising team. You'll work with your advisor to meet your academic goals.
