ETOWN
ELIZABETHTOWN COLLEGE

Scholarship and Creative Arts Day

**CELEBRATE SCHOLARSHIP
AND CREATIVITY!**

ETOWN
ELIZABETHTOWN COLLEGE

Elizabethtown College students reach success through our 21st century curricula combining high-quality professional programs, real-world experiences involving hands-on opportunities to conduct academics and research, and a 125 year learning tradition of thinking critically, analyzing deeply, and communicating effectively.

Our annual Scholarship and Creative Arts Day (SCAD) is a forum for our students to present their academic research in their respective disciplines, while others showcase talents through recitals and a juried art

exhibit. The scholarly work and presentations would not be possible without our faculty mentors who dedicate their time and expertise to helping our students succeed.

With the excellent education and training, our students go out into the world and make an impact. Our annual SCAD demonstrates our College's commitment to fostering those impacts being made and to the importance of scholarly research.

Betty Rider, President and Professor of Psychology

Members from the Masters of Music Education program will be sharing their research presentations over Zoom.

2024-25 RECIPIENT:

Dr. Cristina Ciocirlan
Associate Professor of
Management

Dr. Cristina Ciocirlan, 2024 -2025 Ranck Award Prize recipient for Research Excellence will deliver the keynote remarks during the opening plenary of the 18th Annual Scholarship and Creative Arts Day.

April 22, 2025, 8:30 am in Gible Auditorium

Dr. Ciocirlan will talk about the big questions that guided her research on green behaviors in organizations over the years. The main premise of her research agenda has been that environmental sustainability at the organizational level starts with individual action. Her work has an international and comparative character, having studied environmental behaviors in the UK, business failures in Canada, social entrepreneurship and family business in the USA, green food practices of agritourism in Sardinia, carbon neutral cities, and the digitalization of the tourism sector in Italy. In this talk, she will also give students tips for becoming insightful and inquisitive researchers themselves.

Ranck Prize Background:

Robert O. Kerr '64 and Mary Ann Kerr '64 established the Ranck Prize for Research Excellence as a permanent endowment to award a full-time faculty member of Elizabethtown College and to commend and celebrate excellence in research and commitment to his or her field of study. The prize honors John P. Ranck '58, faculty member emeritus and former chair of the Department of Chemistry and Biochemistry, for "his inspirational service to countless students at Elizabethtown College."

Celebrating Faculty Excellence

The 2024-25 Polanowski Prize for Excellence in Faculty-Student Advising and Mentorship recipient is Dr. Conrad Kanagy, Elizabethtown College Professor of Sociology. The award is presented to an Elizabethtown College faculty member to commend and celebrate excellence in advising and mentoring students toward successful graduate school placement and/or careers.

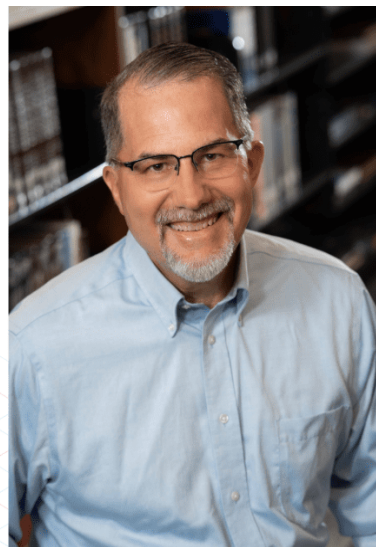

The Polanowski Prize for Excellence, which has been made possible through the generosity of Dr. Mary E. Schmidt '79 and Dr. Russell Libby, honors Dr. Frank P. Polanowski, Associate Professor of Biology Emeritus, for his inspirational service to countless students at Elizabethtown College.

2024-25 RECIPIENT:

Dr. Conrad Kanagy

Professor of Sociology

The 2024-25 Schmidt Prize for Excellence in Student-Faculty Service recipient is Dr. Kurt DeGoede, Professor of Engineering. The award is presented to an Elizabethtown College faculty member to celebrate the development of meaningful and purposeful student experiences through service that creates pathways and preparation for the real world.

The Schmidt Prize for Excellence in Student-Faculty Service is an annual award made possible through the generosity of alumna Dr. Mary E. Schmidt '79 and will celebrate a faculty member creating meaningful and purposeful student experiences through service (i.e. community-based learning, research-intensive courses, field/internship oversight, etc.) that create pathways and preparation for the real world.

2024-25 RECIPIENT:

Dr. Kurt DeGoede

Professor of Engineering

**Congratulations to this
year's winner!**

Trey Firestone '27

Artists Statement:

For my design, I aimed to create a clean and simple look that incorporates Elizabethtown College's colors, following their Branding Guide. I also wanted to highlight the various majors that present their work over the two days. By combining these two elements, I was able to craft a design that showcases SCAD with smooth elegance.
