This learning event explores the world of dementia and what it means to live in the moment. Participants will learn about the 10 warning signs of Alzheimer’s disease, the difference between dementia and Alzheimer’s disease, the physical changes that take place in the brain, and the need for sensitivity throughout the aging process. The session aims to prepare participants for difficult interactions with those diagnosed with a neurocognitive disorder. We will also consider what challenges may be experienced in providing pastoral care to parishioners with cognitive disorders.

Registration: \$60 per person (Includes light breakfast, lunch, and 0.5 CEUs). Please register by April 23, 2018.
